

Our new ranges now
contain at least 20%
recycled material.

Make a statement with walls that make a difference.
Now made with a minimum of 20%
recycled materials.

We have crafted a new formula which allows us to
achieve a minimum of **20% recycled content** in our
new range of wallcoverings.

This initiative forms part of our continuous
compliance with **ISO14001**, and represents a
significant step in Newmor's commitment to a
greener and more sustainable future for
our business, our customers,
and the planet.
